

TOMORROW'S CALLING

The Mission and Discipleship Council would like to thank Rev Neil Glover for providing this prayer as part of 'Tomorrow's Calling'.

So God,

You knit us and wove us in our mother's womb
Blessed us when we ate at a high chair
Spoke to us before we could speak
Stretched us, held us, shaped us.

We praise you,
For we are fearfully
Wonderfully made

And there is a life for us
That is to be led
Footsteps carved into the universe
That are for us alone

So help us to walk this way

If we are lost, help us to find the path
If we are tired, strengthen us to keep climbing

Where the road is lonely and narrow, give us faith
Where the way is meandering let us know this too has purpose

So that the thing we live is our life
The life you made for us
In step with your voice which calls us.

We pray for our Church
That all of us would play our part

TOMORROW'S CALLING

In particular, we think of Tomorrow's Calling
That you might call workers to all the ministries of the Church

So that the gospel is preached
So that the powerful are challenged
So that vulnerable are cared for
So that God's people might take holy risks
And dance with the joy of heaven

For us all,
For your Church
For the world

In Jesus name,

AMEN
